

Stand Assembly Instructions

• Package Content

MT709 series stand are designed for MT7900 series scanners, each model consists below parts:

Model Name	MT709	MT709-1 (Auto Sensing)	MT709-2	MT709-3
P/N	1709-9001A00	1709-9001A02	1709-9001A03	1709-9001A04
Goose Holder Cover Unit	X Without Magnetic	O With Magnetic	X Without Magnetic	O With Magnetic
Metal plate x 1	O	X	X	O
Rubber Pad x 4	X	O	O	X
Plastic Base x 1	O	O	O	O
Wing Nut x 1	O	O	O	O
Stand Label x1	By Request			

O:include X:exclude

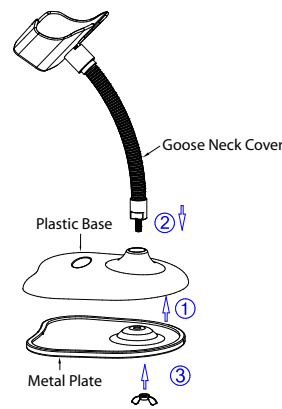

• Assembly instruction

MT709 / MT709-3 : Follow step 1~3.

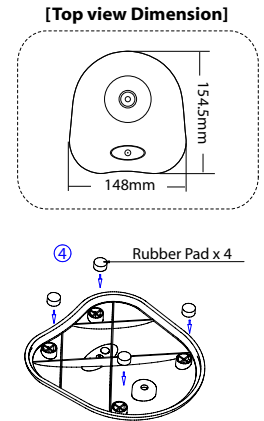

MT709-1 : Follow step 2~4.

MT709-2 : Follow step 2~4.

1. Combine Plastic Base & Metal Plate.
2. Place Goose Neck cover into mounting hole of plastic base assembly. (Figure 1)
3. Attach wing nut to thread of Goose Neck Cover at bottom of plastic base (and metal plate for MT709) assembly and tighten until secures. (Figure 1)
4. Tear off adhesive paper from rubber pad, assembly 4 pieces of rubber pads to the bottom of plastic base. (Figure 2)
